**Please provide more detail on how the web proctor (OLP) option works and any requirements needed for online webcam proctoring (OLP – online proctor)**

With OLP you need to have a web cam that can be placed so the proctor can see your desk, keyboard and hands. No papers can be used during the exam nor can you leave the area. The exam can be done at your home desk or office. Again, the exam agency sets up an exam based on the date and time that you request and forwards you the confirmation.

You can find the specs on the web cam proctor and host locations at [Acquiros](#);

Testing center vouchers: Which testing centers can I choose from? Locations, etc. You can go to host location, offered by Acquiros, near you or test with a webcam proctor. (testing center -OLS – online standard). With this option you request a date, time and location to take your exam (locations can be found by going to the following website; <http://www.acquiros.com/student-faqs> ) and the exam agency will set up your appointment and forward you a confirmation for that appointment. This is a computer based exam with a proctor in the room with you.

**Any other information you can provide regarding the NCSF-CFM Boot Camp Exam(s) / voucher**

The NCSF certification exam process utilizes the most flexible model available. A student is provided a voucher to take the exam online. You can take the exam right after you finish your course or when it is more convenient to you; with a webcam enabled laptop computer, or at a nearby testing center or even at home or back at your place of work. If you would prefer to study more before you take the exam you have 30 days to do so, again using your own computer at work or home or at a nearby testing center. You have the luxury of deciding when you are ready to prove what you've learnt and at a location and environment that is most conducive to you.
