Please provide more detail on how the web proctor (OLP) option works and any requirements needed for online webcam proctoring (OLP – online proctor)

With OLP you need to have a web cam that can be placed so the proctor can see your desk, keyboard and hands. No papers can be used during the exam nor can you leave the area. The exam can be done at your home desk or office. Again, the exam agency sets up an exam based on the date and time that you request and forwards you the confirmation.

You can find the specs on the web cam proctor and host locations at [Acquiros](#)
