DxCERTS - IT & NIST Cybersecurity Blended Learning Curriculum and Student Management Platform

DxCERTS IT & NIST Cybersecurity Blended Learning Curriculum Solutions

Today, due to the ever changing threat landscape created by Digital Transformation (DX) programs (IoT, Mobile, Cloud etc.) and a very sophisticated network of threat actors (i.e., the bad guys) enterprises need to build a workforce capable of engineering, maintaining and improving the best practice frameworks and methodologies required to identify, protect, detect, respond and recover from cyber-attacks.

itSM Solutions NISTCSF.COM is a global consortium of academic, government and industry thought leaders working together to create Digital Transformation (DX) Training Curriculum and Platforms (DxCERTSSM) that teach the knowledge, skills and abilities to operationalize the IT and NIST Cybersecurity frameworks, methodologies and technologies created by the **National Institute of Standards and Technologies (NIST), Axelos, ISACA and other internationally recognized institutes and organizations.**

The consortium's focus is to create curriculum and train-trainer-services that will provide an affordable and scalable platform for enterprise HR and Learning and Development organizations to offer these programs as part of its IT & NIST Cybersecurity continuing education program for its employees and supply chain partners.

DxCERTS Enterprise Program Benefits

Listed below are the five reasons your university, training company or enterprise learning and development organization should partner with itSM Solutions for its DxCERTS IT & NIST Cybersecurity blended learning curriculum subscription program.

- **DxCERTS career pathway programs are aligned with the industry leading IT & Cybersecurity frameworks** and methodologies being adopted and operationalized by enterprises across the globe. These frameworks include the NIST Cybersecurity Framework, NICE Cybersecurity Workforce Framework, ITIL, RESILIA, Cobit and the Digital Transformation Readiness framework. DxCERTS NIST Cybersecurity Framework certification training programs created in partnership with UMass Lowell was recently featured in the National CyberWatch Center 2018 Innovations in Cybersecurity Education magazine.
- **DxCERTS enterprise subscription program** enables organizations to affordably configure an IT & Cybersecurity career pathway training program for all its employees.
- **DxCERTS flexible delivery options** enable the program to be adapted to any organizational structure and training schedule

DxCERTS - IT & NIST Cybersecurity Blended Learning Curriculum and Student Management Platform

- **DxCERTS online LMS Student Monitoring, Mentoring & Reporting** platform ensures a successful outcome for both the student and employer
- **DxCERTS online instructor Train-the Trainer** program enables enterprises to quickly stand-up its own delivery and mentoring force

DxCERTS Enterprise Procurement Options

This low-cost subscription program also provides academia and enterprises with multiple procurement options including:

Enterprises

- Enterprises can purchase a single or multi-year subscription plan that will span multiple budget cycles
- Students can purchase subscriptions by credit card and expense back to their corporation
- Students can use HR continuing education or workforce development/apprenticeship funds from the government to fund the training

Academic Institutions

- Students can purchase a multi-year discounted subscription that aligns with the length of their academic program or career

DxCERTS - IT & NIST Cybersecurity Blended Learning Curriculum and Student Management Platform

- The university can do a bulk volume purchase for all the students using Federal or State grant or apprenticeship funds

NISTCSF.COM Curriculum Consortium Partners

The following companies have come together to provide the operational infrastructure to support the NISTCSF.COM curriculum consortium.

Reseller Partners

NISTCSF.COM has partnered with academic and private institutions to deliver the NISTCSF.COM assessment and workforce development programs. Inaugural partners include New Horizons Computer Learning Centers, LRS Education Services, University of West Florida, Bryant University, GRC Sphere and Babbage Simmel.

Print and Digital Book Distribution

NISTCSF.COM has partnered with Arvato Training & Education Services a global eCommerce platform an integrated eReader application which delivers print and digital book versions of the NISTCSF.COM curricula to students anywhere in the world. Arvato is currently the exclusive delivery partner for Microsoft training and consulting education solutions worldwide.

Platform Partners

NISTCSF.COM has partnered with leading Assessment, Learning Management and Simulation platform companies to deliver affordable

DxCERTS - IT & NIST Cybersecurity Blended Learning Curriculum and Student Management Platform

training solutions for today's cyber enterprise. Inaugural partners include Career Academy and CyberSaint.

Authoring Partners

NISTCSF.COM's inaugural program NIST Cybersecurity Framework – Controls Factory Model™ (NCSF-CFM), was built in partnership with UMass Lowell (UML) a NSA/DHS National Center of Academic Excellence in Cyber Defense Research (CAE-R). NISTCSF.COM has since formed strategic partnerships with Axelos creator of the ITIL®, RESILIA® and PRINCE2 frameworks & methodologies, ISACA creator of the COBIT framework, The Institute for Digital Transformation creator of the Digital Enterprise Readiness Framework (DERF) and other academic and private industry partners to build out the rest of the NISTCSF.COM portfolio.

Publishing Partners

NISTCSF.COM has partnered with itSM Solutions to create assessment, remediation, certification and simulation training solutions for today's cyber enterprise

Accreditation Partners

NISTCSF.COM has partnered with APMG for content accreditation and exam delivery services.

Summary

Three things are certain: first, digital services are now at the center of most businesses; second, business is a moving target, third organizations are

DxCERTS - IT & NIST Cybersecurity Blended Learning Curriculum and Student Management Platform

under attack from those trying to steal the information companies rely on for daily business operations and revenue.

The itSM Solutions DxCERTS training curriculum and student management system enables enterprises of any size to create a workforce capable of identifying, protecting, detecting, responding and recovering from cyber-attacks.

DxCERTS - IT & NIST Cybersecurity Blended Learning Curriculum and Student Management Platform

About itSM Solutions LLC

itSM Solutions LLC is an accredited content publishing company specializing in the creation of assessment, certification and skills training content for Information Technology (IT) and NIST Cybersecurity professionals. itSM's training solutions have been adopted by the who's who of industry including HPE, Microsoft, Disney, Cisco, IRS, Navy, Lowes, Staples, Genzyme, Boeing, Intel, Molina Healthcare and many others.

itSM Solutions is also the founder of NISTCSF.COM a global consortium of academic, government and industry thought leaders working together to create Cybersecurity training programs that help organizations operationalize, maintain and improve the frameworks and methods created by the National Institute of Standards & Technologies (NIST), the National Institute of Cybersecurity Education (NICE) and other internationally recognized institutes and standards organizations. The consortium's goal is to provide academia and enterprises with an affordable and scalable way to train, skill and certify today's Cybersecurity workforce.

About the Authors

David Nichols is the President and CEO of itSM Solutions LLC, an ITSM consulting and training company. He has over 40 years experience in Information Technology. As an early adopter of the IT Service Management processes as described in the IT Infrastructure Library (ITIL), he has utilized his hardware and software engineering background as a foundation for implementing sweeping changes in how IT Services are delivered at several fortune 100 companies in the US. Working closely with the executive management teams, David has helped the strategic goals of the IT organization with those of the company and develop a more effective IT Strategy. Strategies that are customer focused, process-oriented and cost/performance optimized, and help business and IT organization establish the value of IT Services. David holds ITSM Service Manager certification.

Rick Lemieux is a managing partner and the Vice President of Business Development. He is responsible for overseeing the company's Sales, Marketing & Business Development programs. Rick has been involved in selling IT solutions for the past 30 years. Prior to itSM, Rick, an early proponent of ITSM and ITIL, led the Sales and Business Development teams at software companies focused on automating the best practices guidance outlined in ITIL. Rick holds a Foundation Certificate in IT Service Management and was recently identified as one of the top 5 IT Entrepreneurs in the State of Rhode Island by the TECH 10 awards.
