# Agenda and Objectives

- The Cybersecurity Workforce Problem
- NISTCSF.COM Cybersecurity Curriculum Consortium
- DxCERTS IT & NIST Cybersecurity Career Pathway Curriculum
- DxCERTS Unlimited Access Subscription Program

# The Cybersecurity Workforce Problem

- Today, due to the ever changing threat landscape created by Digital Transformation (DX) programs (IoT, Mobile, Cloud etc.) and a very sophisticated network of threat actors (i.e., the bad guys) enterprises need to build a workforce capable of engineering, maintaining and improving the best practice frameworks and methodologies required to identify, protect, detect, respond and recover from cyber-attacks.

## IT & NIST Cybersecurity Curriculum Consortium

- **itSM Solutions NISTCSF.COM** is a global consortium of academic, government and industry thought leaders working together to create Digital Transformation (DX) IT and Cybersecurity Training Curriculum (DxCERTS<sup>SM</sup>) that teaches the knowledge, skills and abilities to operationalize the frameworks and methodologies created by the National Institute of Standards and Technologies (NIST), National Initiative for Cybersecurity Education (NICE), Axelos, ISACA, The Digital Transformation Institute and other internationally recognized institutes and organizations.
- The consortium's focus is to create online training curriculum that can be delivered in an instructor led classroom, virtual classroom or blended classroom or as a standalone self-paced video program.
- The consortium is also focused on creating online train-the-trainer program that will enable academic and enterprises institutions to utilize internal or contract resources to support the in-class delivery or mentoring portion of its IT & NIST Cybersecurity workforce development and continuing education programs.
- The consortium's UMass Lowell NIST Cybersecurity Framework NCSF-CFM certification training programs were recently featured in the [National CyberWatch Center 2018 Innovations in Cybersecurity Education magazine](#).

# DxCERTS

## IT & NIST Cybersecurity Career Pathways Curriculum

- itSM Solutions DxCERTS curriculum enables enterprises of any size to build a workforce capable of operationalizing, maintaining and improving IT & Cybersecurity best practice frameworks, methodologies and technologies across an enterprise and its supply chain.

DxCERTS Enterprise Curriculum Pathways	Digital Transformation Readiness Framework Curriculum	NIST Cybersecurity & RESILIA Cyber Resilience Framework Curriculum	Digital Service Management & Digital Governance Framework Curriculum	NICE Cybersecurity Workforce Framework Information Security Curriculum	NICE Cybersecurity Workforce Framework Network & System Admin Curriculum	NICE Cybersecurity Workforce Framework Cloud Management Curriculum	NICE Cybersecurity Workforce Framework Software Programming Curriculum	NICE Cybersecurity Workforce Framework Project Management Curriculum	NICE Cybersecurity Workforce Framework Business Skills Curriculum
Pathway Description	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to operationalize the digital transformation best practices outlined in the Digital Transformation Readiness Framework	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to operationalize the cybersecurity and cyber resilience best practices outlined in the NIST Cybersecurity and RESILIA Cyber Resilience Frameworks	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to operationalize the Service Management and Governance best practices outlined in the ITIL and Cobit Frameworks	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to perform the information security workforce roles outlined in the NICE Cybersecurity Framework	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to perform the networking and administration workforce roles outlined in the NICE Cybersecurity Framework	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to perform the cloud management workforce roles outlined in the NICE Cybersecurity Framework	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to perform the application and software development workforce roles outlined in the NICE Cybersecurity Framework	This DxCERTS training and mentoring program enables students to learn the knowledge, skills and abilities to perform the project & program management workforce roles outlined in the NICE Cybersecurity Framework	This DxCERTS training and mentoring program enables students to learn the business skills necessary to communicate and work with the various lines of business within an enterprise

# DxCERTS

## Career Curriculum Pathways

- **Digital Transformation (DX) Framework**
  - DTRF - Engineer, Analyst, Specialist & Expert
- **NIST Cybersecurity & Cyber Resilience Frameworks**
  - NISTCSF - Engineer, Analyst, Specialist & Expert
  - RESILIA - Engineer, Analyst, Specialist
- **Service Management & Governance Frameworks**
  - ITIL - Engineer, Analyst, Specialist & Expert
  - AGILE Practitioner
  - Cobit IT Governance - Engineer, Analyst, Specialist & Expert
- **NICE Cybersecurity Workforce Framework**
  - Networking - Engineer, Analyst, Specialist & Expert
  - Information Security - Engineer, Analyst, Specialist & Expert
  - Software & Application Secure Programming
  - Cloud Management - Engineer, Analyst, Specialist & Expert
  - Project Management Professional

# DxCERTS Unlimited Access

## Subscription Program

### DxCERTS<sup>SM</sup> “Unlimited Access”

IT & NIST Cybersecurity Training Curriculum & Student Management System

Subscription Options:  
1 to 4 Year Subscription Options

Management Options;  
Client Branded Portal with Student Monitoring & Reporting

Hosting Options:  
itSM Solutions or Client Hosted

Training Options;  
Individual or Organizational Transformation Trainings

#### On-Demand

##### Accredited Programs

- > 250+ certification training videos
- > Digital Courseware
- > Online Testing
- > Online Mentoring
- > Online Student Mgmt.
- > Certificate of Completion
- > Continuing Ed Credits

#### Global Reach

#### Individual or Group Career Pathway Programs

##### Video Learning & Quizzes

##### Digital Courseware

Multi-touch learning

##### Checkpoints & Sample Papers

##### Online Mentoring & Learner Management

##### Cybersecurity Management

NIST CSF	ISCF	CompTIA	ISACA	MILE2

##### Service & Project Management

ITIL	COBIT	RESILIA	PMI	AGILE/SCRUM
------	-------	---------	-----	-------------

##### Networking & Cloud Mgmt.

Microsoft	Cisco	CompTIA	VMware	CSA
-----------	-------	---------	--------	-----

##### Software Programming

C+	C++	Java	Python	Ruby
----	-----	------	--------	------

##### Business Skills

Microsoft Office	HR	Legal	Finance	Social Media
------------------	----	-------	---------	--------------

#### Customization and New Program Development Options

# DxCERTS Unlimited Access

## Subscription Program

- The DxCERTS unlimited access subscription program enables individuals and organizations to become trained and certified to engineer, operationalize and improve the IT and NIST Cybersecurity frameworks, methodologies and technologies utilized by enterprises across the globe.
- **DxCERTS INDIVIDUAL Subscription Program**  
This affordable, easy to use online training program enables students from across the globe to become trained and certified in the most sought after positions in IT & Cybersecurity.
- **DxCERTS ENTERPRISE Subscription Program**  
This affordable, easy to use training and management program not only helps organizations get the right training to the right person at the right time but also equips management teams (HR, Learning & Development and Department Managers) with the student management and reporting platform necessary to ensure a successful, on-time, training outcome for both the student and employer.

# DxCERTS

## Program Benefits

- DxCERTS career pathway programs are aligned with the industry leading IT & Cybersecurity frameworks and methodologies being adopted and operationalized by enterprises across the globe.
- DxCERTS enterprise subscription program enables organizations to affordably configure an IT & Cybersecurity career pathway training program for all its students or employees.
- DxCERTS flexible delivery options enable the program to be adapted to any organizational structure and training schedule
- DxCERTS online LMS Student Monitoring, Mentoring & Reporting platform ensures a successful outcome for both the student and employer
- DxCERTS online instructor Train-the Trainer program enables enterprises to quickly stand-up its own delivery and mentoring force.
- DxCERTS multi-year licenses enable individuals and enterprises to span the training over degree program years or enterprise budget cycles
- DxCERTS procure options include Credit Card, Purchase Order, HR Continuing Education Funds, and State of Federal Workforce Development or Grant Funds
